

**Invitation for Expression of Interest for the Operation & Maintenance of
Feed Mill unit on PPP mode at Department of Aquaculture, Fisheries
College & Research Institute, Thoothukudi**

Tamil Nadu Dr. J.Jayalalithaa Fisheries University (TNJFU), Nagapattinam proposes to engage a Professional Operation and Maintenance personnel (under PPP mode) for carrying out the operation and maintenance of Feed Mill unit located in Department of Aquaculture, Fisheries College & Research Institute, Thoothukudi. Expression of interest (EOI) for the purpose is invited from the interested parties. It may be noted that this is an invitation for EOI and should not be construed as the Tender/ Request for Proposal (RFP) in any form and would not be binding on the institute in any manner whatsoever.

Sealed EOI prepared in accordance with the procedure enumerated in this document should be submitted to the Dean, Fisheries College and Research Institute, Thoothukudi -628 008 latest by 30th November, 2020, 3:00 pm. Interested entrepreneurs may visit the unit during the working hours until 28th November 2020 (on all working days) and appraise themselves about the nature of operations, building facilities, type of equipments and associated infrastructure facilities and satisfy themselves on their capabilities before submitting the offer. They can give a detailed account of how they can use the facility without any alteration and major changes.

The EOI should be valid for 90 days from the date of opening on 01st December 2020. The Operation and Maintenance Personnel on PPP mode, who are successful, may be called further for a detailed technical discussion in person before signing the agreement subsequently.

The application should be accompanied with a capability statement (not more than two pages), a write up on the understanding of the assignment (Not more than 2 pages) with the entrepreneur profile giving details of current activities.

Components in Feed Mill Unit:

- Pulverizer - 2 Nos.
- Mixer - 1 No.
- Extruder - 1No. (Capacity – 50 to 500 Kg/hr.)
- Dryer inbuilt - 1 No.

Note :

- The unit is well supported with all electrical items.
- The feed mill components are housed in a separate building.
- Separate working place for the staff also available.
